REVELATIONS IN GOLD:

A Voyage of Discover for New Gold Jewelry Designs

Gold has never been more valuable. The modern renaissance of gold continues in fashion, fine jewelry, beauty, personal electronics, beverages, luxury goods and more. Today's gold jewelry designers are capitalizing on this increasing relevance for gold and invigorating the gold category with innovative new styles for every fashion personality. The original new collections featured here offer outstanding value, versatility and lasting beauty for the modern consumer.

Selected by a Blue Ribbon Panel of industry experts, the following pages depict the very best new designs in gold jewelry – original new collections that are always appropriate, always in style and always a pleasure to wear or to receive as a gift.

In times of economic uncertainty, consumers focus on value. Gold is one of the few luxury goods in the market which has steadily increased in value over many generations. This rare and radiant precious metals offers enduring beauty and value to your customers. Now is the time to update your gold jewelry inventory with these styles which are sure to increase sales and keep your customers, as well as your sales associates, inspired by the passionate, radiant allure of gold.
